suc's faithful work in establishing the school
system, will not be so heavily felt, as if such Charleston, stopped over in the city last worthy and competent successors had not

Complimentary.

The Watchman and Southron has not been a kicker, but for a long while it had occasion to complain of the service given at the postoffice. Complaints from subscribers were of frqueent occurrence and there seemed no remedy for the fault.

It is a pleasure for us to say that since the force employed in the post office has been increased by the addition of Mr. Emmett Reardon, complaints have almost ceased, and that the office is conducted in a most systematic and exact manner. It is apparent that | dent. the poor service was due, not to the inefficieucy of the clerks employed, but because the work was too great to be properly done

A New and Wonderful Invention. John M. Stukes, of San Marcos, Texas has lately perfected an invention (a key board attachment for organs and pianos,) which A note from Mr. J. E.
